

FOR A BETTER TOMORROW

Sir. M. Vishweshwaraya Trust was established with the objective of nurturing children and grooming them to become adults capable of contributing towards society.

The Trust holds a strong belief in the potential of each child and has focused on providing education and accommodation to the needy children of India's society for the past 13 years.

Inspired by the wish of our late senior, Lien Ce Phu Sa, our team is committed to ensure that every needy child has access to quality education and a comfortable environment where they can learn and grow.

A Family That Loves

Starting with just 2 children from Kalimpong, our children's home has provided shelter to 18 children coming from the various parts of India, majority of whom have now joined the working society. Currently, there are 8 boys from Nepal and India staying with us, with the youngest boy becoming part of our family at a mere 4 years old.

Journey To School

We give sponsorship to children whose fathers have either passed away or are drunkards and spend their salary on alcoholic drinks. In the last academic year, 2016-2017, we gave sponsorships to a total of 12 boys and girls.

Story of Ashwini:

Hi, my name is Ashwini. I have 1 sister and 2 brothers. My youngest brother passed away because we could not afford to pay for his medical fees. In 2014, I got education sponsorship from the Trust and I can now go to school without having to worry about my school fees. I am very thankful to my sponsor.

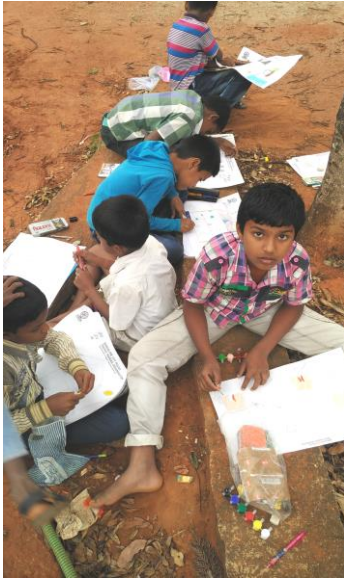

A New Beginning

In February 2016, we took over the management of Universal Public School which has been running since 2007. Our mission is to offer students a holistic education and prepare them for the challenges in life.

Standing on a 13-acre land, the School has developmental plans to ensure improved learning environment for students at every level.

Since the take-over, we have constructed new classrooms and toilets; and are now raising funds to construct a new building for our students.

Although we are just a small trust, we hope to reach out to more children and help them build a more promising future. We sincerely seek for your assistance in making this dream come true.
